ABOUT US

With over 40 years of experience, WB Components has set the bar in the truss industry. From our fleet of Peterbilt trucks to our state-of-the-art roller trailers, WB makes sure that your trusses arrive fast and safely. Our plant is one of the most advanced in the area, featuring our automated tables and our high-tech saws. The material that WB puts into the trusses is of the highest quality. A lot has changed in 40 years, but one thing that hasn't is our work ethic and ability to make our customers happy. As a growing company we are committed to exceed your expectations.

WHAT WE DO

RESIDENTIAL

Provide floor trusses up to 40' spans and roof trusses to accommodate all plans.

AG STORAGE

High quality roof trusses to span 112', engineered columns to fit most building specs.

COMMERCIAL

Senior designers on staff to assist with complex commercial projects.

LIVESTOCK

The best quality dairy, hog confinement, and turkey barn trusses.

OUR MISSION

We are committed to providing high quality products at competitive prices to our customers. We strive to exceed industry standards by using the highest quality lumber, plates, and design software in our state of the art manufacturing facility.

"In God we truss"

Here is the reason
TO CHOOSE US

Our trusses are proudly built by craftsmen on the Willowbank Hutterite Colony in one of the highest tech truss plants in the upper midwest. Our sales team is professional and provides prompt quotes and accurate prices. Our designers are some of the best in the industry.
